

CONNECTIVITY CHANNELS TERMS AND CONDITIONS

These Connectivity Channels Terms and Conditions ("**Terms**"), together with the applicable Local Addendum(s) and Documentation, shall govern the access and/or use of Connectivity Channel(s) which the Bank may extend to the Subscriber from time to time. By accessing and/or using any Connectivity Channel, the Subscriber unconditionally agrees to these Terms in its entirety.

1. APPLICABLE TERMS

- 1.1 In respect of each Connectivity Channel, these Terms, the relevant Local Addendum, and any applicable Documentation relating to such Connectivity Channel, shall constitute a single agreement between the Subscriber and the relevant Bank by which such Connectivity Channel is provided (or to be provided), as the case may be.
- 1.2 If the Subscriber is an Account Holder, it shall also be bound by the Business Account Terms and Conditions (accessible at <https://www.ocbc.com/> or otherwise as the Bank may designate from time to time) as amended, modified or supplemented from time to time ("**Business Account T&Cs**") according to its terms. For the avoidance of doubt, where payment services are made available by the Bank on separate terms, those terms shall be read in conjunction with these Terms.
- 1.3 In addition, the Bank may from time to time in connection with any Connectivity Channel supply Materials and any other relevant service agreement to the Subscriber. In the event of any conflict or inconsistency between the terms contained in any of the following documents, the terms of the first-listed document (as applicable) shall prevail over any later-listed document to the extent of any such conflict or inconsistency:
 - (a) the FATCA Policy and CRS Policy;
 - (b) Business Account T&Cs;
 - (c) any service agreement supplied by the Bank from time to time;
 - (d) the Local Addendums;
 - (e) these Terms; and
 - (f) any translation of these Terms other than the English version.
- 1.4 If the Subscriber is not the Account Holder:
 - (a) any reference to the Subscriber's "Account"(s) under these Terms shall be deemed to be a reference to the Account(s) of the relevant Account Holder(s) that the Subscriber is acting on behalf of in connection with these Terms;
 - (b) insofar as the Subscriber will also enable the Account Holder to use and/or access any Connectivity Channel (or any functions enabled by such Connectivity Channel) made available to the Subscriber under these Terms, the Subscriber shall additionally procure that each relevant Account Holder agrees to these Terms (as if such Account Holder is a "Subscriber") as a condition to such Account Holder's access and/or use of the Connectivity Channel;

- (c) without prejudice to any other provision under these Terms, the Subscriber shall ensure that all necessary mandates, authorisations and instructions in relation to the Relevant Account are duly obtained directly or indirectly for or on behalf of the Bank by the Subscriber before effecting the Instructions;
 - (d) the Subscriber acknowledges and agrees (both on behalf of itself and the relevant Account Holder(s)) that any Instructions issued by the Subscriber hereunder are irrevocable and binding on each relevant Account Holder; and
 - (e) the Subscriber shall procure the due and timely performance by the relevant Account Holder(s) as may be necessary to give effect to these Terms and to give the Bank the full benefit of these Terms.
- 1.5 Insofar as the Subscriber will enable any End-User to use and/or access any Connectivity Channel (or any functions enabled by such Connectivity Channel) made available to the Subscriber under these Terms, the Subscriber shall additionally procure that the End-User agree to these Terms (as if such End-User is a "Subscriber") as a condition to such End-User's access and/or use of the Connectivity Channel.

2. AUTHORISATION AND INSTRUCTIONS

- 2.1 The Subscriber agrees, acknowledges, undertakes, represents, and warrants to and for the benefit of the Bank, and shall procure, that:
- (a) the Bank may rely on the authority of the Subscriber to use and access the Connectivity Channel(s) according to these Terms, and to issue Instructions in connection with the Connectivity Channel(s);
 - (b) in issuing Instructions in connection with any Connectivity Channel, the Subscriber is authorised, or is duly authorised by the relevant Account Holder, to give Instructions regarding the Relevant Account (and if the Subscriber is not the Account Holder, to perform any acts or incur any obligations for and on behalf of the relevant Account Holder in relation to such Instructions);
 - (c) in issuing End-User Instructions, the Subscriber is authorised and mandated by each relevant End-User and that such End-User Instructions are accurate and complete. In addition, the Subscriber shall ensure and procure that all necessary mandates, authorisations and instructions are duly obtained directly or indirectly for or on behalf of the Bank by the Subscriber before effecting any End-User Instructions. The Subscriber is also solely responsible for verifying the authenticity, authority or the identity of any persons effecting the End-User Instructions or the authenticity, accuracy and completeness of any End-User Instructions, including putting in place appropriate authentication measures, and the Subscriber acknowledges and agrees (both on behalf of itself and its End-Users) that any End-User Instructions are irrevocable and binding on each relevant End-User;
 - (d) the Bank may rely upon and act in accordance with the Instructions which may from time to time be, emanate from, purportedly communicated by or otherwise purportedly emanate from the Subscriber (including through any Connectivity Channel), without inquiry on the Bank's part as to the authority or identity of the person making or purporting to give such Instructions and regardless of the circumstances prevailing at the time of such Instructions. The Bank shall be entitled to treat such Instructions as fully authorised by and binding upon the Subscriber, and the Subscriber shall have full responsibility for all such Instructions given to the Bank or received by the Bank whether such Instructions were given by the Subscriber or purported to be given by the Subscriber without the Subscriber's knowledge or consent;

- (e) for the avoidance of doubt, the Bank may rely on the authority of any person (whether such person is in fact authorised or not authorised by the Subscriber) using the Subscriber's Access Credential or such other form or means of identification as may be specified by the Bank in its sole and absolute discretion from time to time, to transmit Instructions on behalf of the Subscriber and/or the relevant Account Holder, and to do any other act. Any Instructions identified by the Subscriber's Access Credential(s) shall be deemed to be Instructions transmitted or validly issued by the Subscriber;
- (f) where any Connectivity Channel operate(s) by reference to an Account, the Bank is authorised to act on the Instructions of the relevant Account Holder(s);
- (g) the specimen signatures and signing powers of the Subscriber or, where applicable, the relevant Account Holder(s), communicated to the Bank in writing shall remain in effect until such time as the Bank receives written revocation of the same from the Subscriber and/or the Account Holder(s) in the form and manner acceptable to the Bank;
- (h) the Bank shall be entitled but not bound to undertake further verification of the signatures other than by comparing them with the specimen signatures on record with the Bank;
- (i) each Instruction (as well as any data submitted in connection therewith, whether by the Subscriber and/or the End-User) is correct, accurate, complete, reliable, clear, genuine, authorised and is issued and transmitted to the Bank in such form and manner as the Bank may specify from time to time in its sole and absolute discretion and where applicable, observe and comply with the applicable Procedures as the Bank may specify;
- (j) all Instructions in respect of an Account are given by or on behalf of the Subscriber strictly in accordance with the authorisations or mandates for the time being in effect in respect of such Account; and
- (k) the Bank shall have the right to continue (but shall not be obliged) to accept and act on Instructions given or signed by the Subscriber and the Bank shall not be liable therefor. If the Subscriber wishes to modify any authorisation given, it shall provide or procure written notice thereof in the Bank's prevailing prescribed form therefor and the Bank shall have the right to require evidence acceptable to the Bank that such modification has been duly authorised, including via a resolution of the Subscriber's and/or relevant Account Holder's board of directors, where applicable. No such modification shall take effect until the Bank has accepted and approved such notice, and effected the change in its records.

2.2 In addition, Subscriber agrees and acknowledges that:

- (a) any Instruction shall be valid and binding on the Subscriber and each relevant Account Holder(s) for all purposes, whether or not it is in fact authorised;
- (b) any Instruction shall be deemed to have been given at the time it is actually received by the Bank;
- (c) the Bank neither endorses nor assumes any responsibility for any Subscriber Transaction and/or Subscriber Application, and the Subscriber shall not do anything nor permit anything to be done which implies or suggests that the Bank is in any way endorsing the use or commercialisation of the Subscriber Application. Where the Bank receives any queries from End-Users in connection with any Subscriber Transaction, Subscriber Application, End-User Instructions and/or Connectivity Channel for the Subscriber Transaction: (i) the Bank shall have no obligation to respond to and/or

address any queries from End-Users in connection with any Subscriber Transaction; and (ii) the Bank may, in its sole and absolute discretion, direct such queries to the Subscriber, and the Subscriber shall use its best endeavours to address such queries;

- (d) all Instructions once received by the Bank shall not be recalled, cancelled, withdrawn or amended unless the Bank in its sole and absolute discretion permits otherwise (which may be subject to such terms and conditions as the Bank may specify);
- (e) the Bank shall be entitled (but not obliged) in its sole and absolute discretion to: (i) accept and act on any Instruction (including by transmitting information, instructions, payment orders, messages and other communications on its behalf, disclose information and to do any other act, whether or not through any Connectivity Channel) without assessing the reasonableness or accuracy of that Instruction, the nature of that Instruction, the identity (or purported identity) of the Subscriber, the consequence to the Subscriber or any other matter thereto; (ii) use any communications, processing or transaction system or intermediary bank it reasonably selects in acting on any Instruction; (iii) specify additional conditions before accepting any Instructions; and/or (iv) investigate the authenticity of any Instruction;
- (f) for the avoidance of doubt, the Bank shall not be obliged to investigate and/or verify and shall not be responsible nor liable for investigating and/or verifying, but shall have the right in its sole and absolute discretion to investigate and/or verify:
 - (i) the authenticity, the authority or the identity of any persons effecting: (1) any use of or access to any Connectivity Channel referable to, and/or any Instructions identified by, the Subscriber's Access Credential or such other form or means of identification as may be specified by the Bank in its absolute discretion from time to time; or (2) any such use, access and/or Instructions initiated through software application, platform, website or other applications of a third party that the Bank has entered into arrangements with; and/or
 - (ii) the authenticity, accuracy and completeness of such use, access and/or Instructions;
- (g) the Bank shall have the right, in its sole and absolute discretion, to decline to act or refrain from acting promptly upon any Instructions. Without prejudice to the generality of the foregoing, the Bank shall be entitled to decline to act on any Instruction, and/or to delay acting on any Instruction, whether in part or in whole, where: (i) the Bank determines, in its sole and absolute discretion, that any Instruction may not have been authorized (for example by the Subscriber and/or the relevant Account Holder and/or End-User) or, even if authorized, may expose the Bank to any Loss whether directly or indirectly; (ii) so acting will result in the total amount of payments exceeding the credit balance in an Account, but if the Bank does so act, it may elect to execute such Instructions in whole or in part or in any order without reference to the time of receipt of the Instructions; (iii) the Bank determines, in its sole and absolute discretion, that the Instruction is inconsistent with and/or constitutes a breach of any Applicable Laws; and/or (iv) if such End-User Instructions are ambiguous or conflicting, and the Subscriber undertakes to ensure that such ambiguity shall be resolved to the Bank's satisfaction in the Bank's sole and absolute discretion; and
- (h) notwithstanding that the Bank has initially declined to act on a particular Instruction or has delayed acting on a particular Instruction, the Bank shall have the right to subsequently act on the Instruction if the Bank determines, in its sole and absolute discretion, that it is appropriate to do so.

2.3 All Instructions sent to the Bank for processing on a particular Business Day must be received by the Bank before the cut-off time prescribed by the Bank from time to time. The Bank is entitled to prescribe different cut-off times by reference to the nature of the transaction, the

currency in which the transaction is denominated, the means by which the Instructions are sent to the Bank and other factors as the Bank considers appropriate. The Bank shall have the right to revise from time to time any cut-off time for receiving and processing Instructions. Any transactions or operations made or performed or processed or effected by with or through the use of any Connectivity Channel after the relevant cut-off time prescribed by the Bank will be entered, shown or recorded in the books and records of the Bank in accordance with such timelines as the Bank may determine in its sole and absolute discretion.

- 2.4 If an Instruction is received by the Bank after the prescribed cut-off time applicable to such Instruction and such Instruction provides for payment to be made on a value date which is past or which the Bank is otherwise unable to process, the Bank shall have the right to decline to act on such Instruction except that, where the Subscriber has opted for such service where it authorises the Bank to amend the value date of such Instruction to the next feasible value date (as determined by the Bank in its sole and absolute discretion), the Bank shall act on such Instruction based on such next feasible date. Such Instruction as amended by the Bank to the next feasible date shall be valid and binding on the Subscriber and each relevant Account Holder(s).

3. ACCESS CREDENTIALS

- 3.1 Access Credential(s) may in the sole and absolute discretion of the Bank be made available by or on behalf of the Bank to the Subscriber in connection with the use and/or access of the Connectivity Channel(s), in such form and manner as the Bank may deem appropriate. In addition, the Subscriber agrees and acknowledges that:

- (a) different Access Credential(s) may be prescribed in respect of each of Connectivity Channel;
- (b) each Access Credential shall only be used in the form and manner as prescribed by the Bank from time to time, and at the Subscriber's own risk;
- (c) each Access Credential shall only be used by the authorised user(s) as prescribed by or permitted by the Bank in writing;
- (d) if the authorised user to whom the Access Credential is given, made available or prescribed by the Bank for use by such authorised user, is no longer authorised by the Subscriber and/or the relevant Account Holder to use the Access Credential, the Subscriber shall immediately notify the Bank, and notwithstanding such notification, the Subscriber shall be liable for and indemnify the Bank against any transactions performed or effected by that user or any other person using the Access Credential;
- (e) the Subscriber shall, and shall procure that its authorised user(s) shall, exercise reasonable care to prevent the loss, disclosure or unauthorised use of any Access Credential, for example to regularly request for a change in each Access Credential;
- (f) the Subscriber shall be responsible and liable for any disclosure or unauthorised use of any Access Credential and/or any information of Account(s), whether by the Subscriber or its authorised user or any other person;
- (g) in the event any Access Credential is lost, stolen, mislaid, disclosed, and/or discovered by any other party, the Subscriber shall immediately notify the Bank of the same; and
- (h) the Bank shall be entitled from time to time, in its sole and absolute discretion and without giving any reason whatsoever and without prior notice to the Subscriber, change, de-activate and/or revoke the use of the Access Credential, and the Bank shall

not be liable or responsible for any Loss suffered by or caused to the Subscriber or arising out of or connected with or by reason of such change, deactivation or revocation.

- 3.2 Access to and use of the physical and/or electronic areas protected by Access Credential(s) or other secure areas of the Connectivity Channels are restricted to authorised users (as permitted or prescribed by the Bank) only, and the Subscriber shall be solely responsible for the access and use of such areas. In addition, the Subscriber shall be solely responsible for the use of any user account associated with the Access Credential(s) issued to the Subscriber, and to the maximum extent permitted under Applicable Laws, the Subscriber shall be solely responsible for the security of each such user account. The Subscriber shall not obtain or attempt to obtain unauthorised access to the Connectivity Channels or such parts thereof, or to any other protected information, through any means not intentionally made available by the Bank for the Subscriber's specific use. A breach of this provision may be an offence under the Computer Misuse Act 1993 of Singapore.
- 3.3 The Subscriber further agrees that: (a) whether actually authorised by, used and/or accessed by the Subscriber or not, any use and/or access of each Connectivity Channel and/or Access Credentials associated with the Subscriber shall be deemed the Subscriber's use; and (b) the use of any Access Credential issued to, or otherwise used by, the Subscriber by any person shall be binding on the Subscriber and the relevant Account Holder(s) in respect of all transactions involving any and all of the Accounts linked through the Connectivity Channel.
- 3.4 For the avoidance of doubt, any:
- (a) use of or access to (whether actual or purported) any Connectivity Channel(s) and/or any data for or on behalf of the End-Users;
 - (b) use of or access to (whether actual or purported) any Connectivity Channel(s); or

- (i) in relation to sub-paragraph (a), use of or access to the Connectivity Channel(s) and/or any data by the Subscriber for or on behalf of the End-Users which meets the requirements of any mandates, authorisations and operating instructions for the time being in effect relating to the user account (as the case may be);
- (ii) in relation to sub-paragraph (b), use of or access to the Connectivity Channel(s) by the Subscriber; or
- (iii) in relation to sub-paragraph (c), End-User Instructions transmitted and validly issued by the Subscriber for or on behalf of the End-Users which meets the requirements of any mandates, authorisations and operating instructions for the time being in effect relating to the user account (as the case may be).

The Subscriber shall be bound by each such access, use, and/or End-User Instructions, and the Subscriber agrees that the Bank shall have the right but shall not be obliged to act upon and/or rely on such access, use, and/or End-User Instructions. The Subscriber shall be solely responsible and liable to the Bank in respect thereof as if such access, use, and/or End-User Instructions (as the case may be) were carried out or transmitted by the Subscriber.

- (f) any Instruction sent or purported to be sent by the Subscriber (and/or the relevant Account Holder and/or any End-User, as the case may be) to the Bank through any Connectivity Channel shall be considered received by the Bank only upon the Bank issuing a notification acknowledging its receipt of such Instruction, regardless of when such Instruction is actually sent to the Bank. The Bank does not guarantee receipt of any Instruction sent through any Connectivity Channel;
- (g) the Instruction shall be carried out by the Bank and acted upon by the agent or correspondent subject to the rules and procedures of the place where or through which they are to be executed. The Bank (including the agent or correspondent) may refuse to execute the Instructions if in their opinion they are contrary to any Applicable Law, rule or other regulatory requirement. The Bank shall not be liable for any errors, delay or default of any agent or correspondent used to effect the transfer;
- (h) the Subscriber shall procure that the sum representing the aggregate face value of all Remittances to be made under the Instruction (when aggregated with any other outstanding Instruction in respect of which the Relevant Account has not yet been debited), plus the related Service Charges and Reimbursable Amounts, is standing to the credit of the Account to be debited on the day which the Remittance is to be made. If the relevant sum is not standing to the credit of the Relevant Account on that day, the Bank shall have no obligation to effect the relevant Instruction but may subject to Applicable Laws, in the Bank's sole and absolute discretion do so (whether by debiting any other Account or otherwise) and the Subscriber shall be liable to the Bank for the face value of such Remittance and for all related Service Charges and Reimbursable Amounts;

- (i) immediately upon receiving the Instruction, the Bank shall be authorised to debit the Relevant Account(s) by the amount(s) specified in the Instruction (plus all applicable Service Charges and Reimbursable Amounts) and effect payment to the relevant Payees. In effecting any such payment, the Bank shall not be obliged to identify the actual account number(s) of the Payees, but may rely on such account proxy identifiers and proxy payment platforms as the Bank may see fit (including without limitation, such identifiers used in connection with the proxy payment services), and/or third party payment providers to effect such payments. The Bank shall have the right to (but shall not be obliged to) effect such debits from the Account(s) notwithstanding that to do so may result in any overdraft or an increase of any overdraft resulting therefrom. In addition, the Subscriber agrees (and, if the Instruction is an End-User Instruction, shall also procure that the End-User agrees) to be bound by any terms and conditions (as well as any limitations or exclusions of liability) that may apply in relation to the use of such proxy identifiers, platforms and/or third party payment providers. Further, the Bank shall not be obliged to transfer the requested amounts to the intended recipient (regardless of whether such transfer is to the intended recipient's designated bank account or e-wallet);
- (j) the Bank shall not be required to ascertain or verify that any particulars or information contained in the Instruction is accurate or correct, nor shall the Bank be required to compare or match the payment against any sum(s) previously paid by the payee to the Subscriber or End-User (as applicable) or the purposes of any payment. Without limiting the generality of the foregoing, in making any payment, the Bank shall have no obligation to ensure that: (i) the payee has any legal or other right to receive any payment authorised by the Subscriber or End-User (as applicable) under any Instruction; (ii) the amounts paid by the Bank match any previous payments by the payee to the Subscriber or End-User (as applicable) or at all; (iii) the actual payee of funds paid pursuant to any Instruction is indeed the person or party intended as the payee by the Subscriber or End-User (as applicable), or that the account number, e-wallet or account proxy identifier is that of such intended payee; (iv) the account or e-wallet of the payee is active and in good standing; and/or (v) there have not been any changes to the holders of the account or e-wallet of the payee or any mandates relating thereto;
- (k) notwithstanding anything in these Terms, the Bank is not obliged to act on the Instruction when there are insufficient funds in the Relevant Account(s) with the Bank or if any applicable facility limit is exceeded or when any conditions relevant to effecting such Instructions have not been fulfilled or fully complied with or if the Bank is prevented by law or any attachment or court order or restraint or has other lawful reason from complying with any Instruction given or purported to be given by the Subscriber or where such Instruction is not compliant with the Bank's specifications or protocols or is erroneous, corrupted, garbled, vague, unclear or incomplete. If the Bank shall nevertheless have carried out or acted upon any such Instruction, the Subscriber agrees that the Bank shall not be liable for any Loss suffered or incurred by Subscriber (and/or the relevant Account Holder, as the case may be);
- (l) upon becoming aware that an Instrument has been lost before being received by the designated beneficiary, the Subscriber may issue an Instruction to the Bank to (i) stop payment in accordance with these Terms and/or (ii) issue a new Instrument in favour of the same designated beneficiary(ies) of the lost Instrument. Such request will be regarded as a new Instruction to the Bank. This issue of a new Instrument shall be made in accordance with these Terms and such other terms and conditions as the Bank may in its sole and absolute discretion prescribe from time to time;
- (m) to comply with MAS Notice 626 – Prevention of Money Laundering and Countering the Financing of Terrorism, with effect from 1 July 2007, all wire transfer messages would need to include the Account Holder's name, account number and address/unique identifier number; and

- (n) if the Subscriber informs the Bank that the Subscriber wishes to recall, cancel, countermand, stop payment, and/or amend any Instruction (each a "**Relevant Request**"):
- (i) the Bank shall have no obligation to act on any Relevant Request;
 - (ii) the Subscriber must do so in a manner which meets the Bank's requirements, including as to Documentation, and the Bank may in its sole and absolute discretion use its reasonable endeavours to assist the Subscriber in relation to any such Relevant Request, but shall be under no obligation to do so;
 - (iii) any Relevant Request by the Subscriber shall be subject to such conditions as the Bank may impose, including without limitation under the Business Account T&Cs;
 - (iv) the Bank does not warrant nor undertake that the Relevant Request will be successfully effected. Where the Relevant Request is considered or undertaken by the Bank (which shall be in the Bank's sole and absolute discretion), the Subscriber irrevocably and unconditionally agrees: (i) to indemnify and at all times keep the Bank indemnified against any Loss whatsoever which may be incurred or suffered by the Bank as a result thereof; and (ii) that the Bank shall not be liable for any failure to do so howsoever arising;
 - (v) the Bank is authorised, in accordance with the Relevant Request, to credit an Account with the face value of the relevant Instrument, Remittance or other payment (less related Service Charges and Reimbursable Amounts). If the Bank credits an Account in compliance with a Subscriber's Instruction, the Bank shall have the right to debit any amount which the Bank pays to the intended beneficiary or any third party in respect of the Instrument, Remittance or other payment in connection with the Relevant Request; and
 - (vi) if the Bank issues a new Instrument in compliance with a Subscriber's Instruction, the Bank shall be entitled to make payment on, and debit an Account in respect of both the original and the new Instrument if they are presented for payment, and the Subscriber shall indemnify the Bank for any Loss the Bank incurs as a result of such double payment.
- 4.4 The Subscriber agrees and acknowledges that access and/or use of some software components used in the Connectivity Channel(s) may be offered under third party licences, and the Subscriber agrees to be bound by any additional terms under any such third party licences.
- 4.5 The Subscriber is solely responsible for: (a) any and all Subscriber Transactions and/or any services or products for or in connection with such Subscriber Transaction, including delivery, support, refunds, returns and any other ancillary services or products; and (b) its use, control, ownership and/or operation of any Subscriber Application.

Any hyperlink to any other website or webpage is not an endorsement or verification of such website or webpage and should only be accessed at the Subscriber's own risk.

- 4.7 The Bank shall have the right from time to time without giving any reason or prior notice, upgrade, modify, alter, suspend, discontinue the provision of or remove, whether in whole or in part, any Connectivity Channel and/or Access Credential, and shall not be liable if any such upgrade, modification, suspension or alteration prevents the Subscriber from accessing the Connectivity Channel and/or Access Credential, or any part or feature thereof respectively or for any loss or damage suffered thereby. For the avoidance of doubt, the Bank has the right at any time and without prior notification therefor to: (a) refuse to make available any Connectivity Channel and/or Access Credential; and/or (b) immediately suspend or terminate the availability of any Connectivity Channel and/or Access Credential at its sole and absolute discretion.
- 4.8 The Connectivity Channel may use software and/or other technology, including those that may be provided by third party providers, for identification purposes and/or detection of any computer virus or other malicious, destructive or corrupting code, agent, programme, macros or other software routine or hardware components designed to permit unauthorised access on any computer, hardware, system, software, application or device (including any Computer System or Access Credential).
